HOW TO MEASURE

For best results, have someone else take measurements. Measure body in underwear. Tape must be snug but not tight. If measurements fall between two sizes, order the larger size.

**HEAD**

Around your head, from the center of the forehead, above the ears and over the natural bump at the back of the head.

CHEST/BUST

Measure under your arms, around the fullest part of your chest.

WAIST

Measure around your natural waistline, keeping one finger between the tape and body.

HIPS

Across the fullest part of the seat.

ARM LENGTH

Let hands down the side in a slightly bent position. Measure from center back neck bone, along shoulder point and elbow, to bottom of wrist bone.

GLOVES

Measure palm width.
